

Course Workbooks

Sole Source Letter

School or District Representative:

Course Workbooks is the sole creator of the educational books it produces. I am the only author, and no other company has produced any of the Course Workbooks products.

The books are currently published by CreateSpace and sold on Amazon and other retail sites. They may also be purchased directly from Course Workbooks by purchase order or via the website, www.courseworkbooks.com.

Respectfully,

Donald Brusca
