

CourseWorkBooks Order Form Directions

1. Complete the Ship To information. Please fill out all fields.
2. Complete the Bill To information if it is different from the shipping address. Please include an email address so that an invoice can be sent by email as well as by mail.
3. For each item, click on the drop-down arrow to the right of each cell in column B. (See the image below.) Please do NOT attempt to type or paste titles into these cells.
4. Select the title from the drop-down list. Once the item is selected, the ISBN and Unit columns will fill automatically, where appropriate.
5. Enter a quantity in the QTY cell. Once entered, the Unit price may adjust and the Amount column will calculate automatically. Repeat steps 3 to 5 for each item.
6. If you are a tax-exempt organization, check the Sales Tax Exempt box.

Preferably, print and email the sheet as a PDF. If you can't, save and email the Excel file.
